EVOLUTION, EFFICIENCY, ADAPTABILITY

**SURF
360**

V nenehni evoluciji. Nova zasnova onda združuje prednosti trenutnega onda Surfa s svobodo gibanja rotirajočega drsnika.

In constant evolution. The new onda design combines the advantages of the current onda Surf with the freedom of movement of the rotating glider.

**ZDRUŽLJIVO Z NASLEDNJIMI
SISTEMI VODIL MURTRA.**

*COMPATIBLE WITH THE FOLLOWING
MURTRA SYSTEMS.*

ROČNI POMIK ZAVES

HAND OPERATED

AT622
AT621
CONTRACT
AT423
REV
AT701
AT750

**POMIK ZAVES S POGONSKO VRVICO
CORDED**

AT750

+ SISTEM ONDA SE ŠE NADALJE RAZVIJA, SEDAJ Z VRTEČIM DRSNIKOM

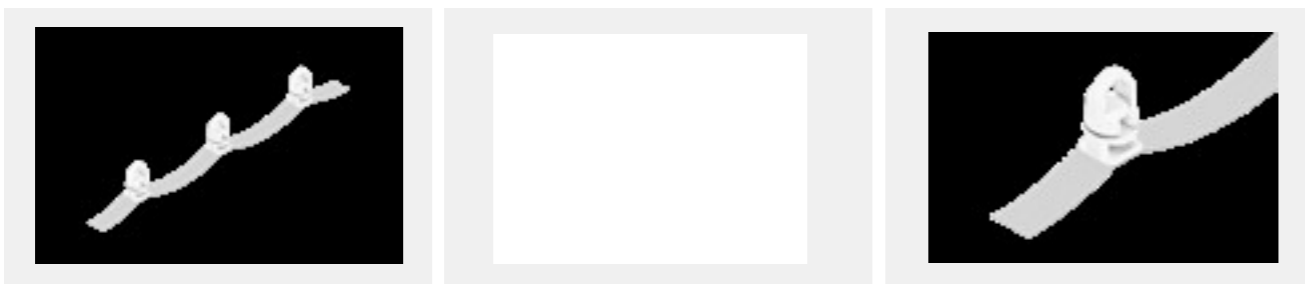

THE ONDA SYSTEM CONTINUES TO EVOLVE,
NOW WITH A ROTATING GLIDER.

EVOLUCIJA EVOLUTION

**Sistem onda se razvije z fiksne v rotacijski drsnik.
The onda system evolves from a fixed to a rotating
glider.**

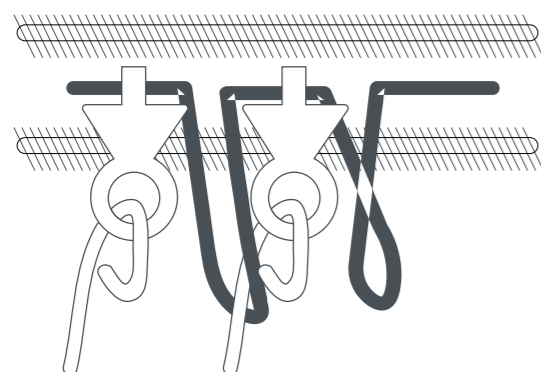

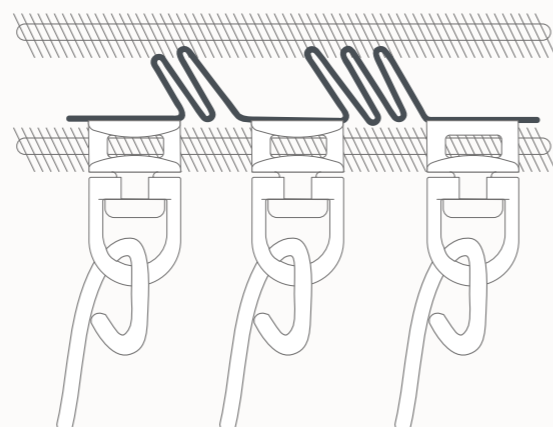

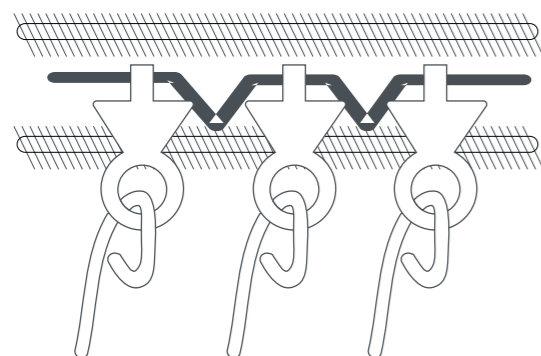

**Nova zasnova drsnikov in zaključka nabora zavese je
zasnovana tako, da je izdelek videti popoln, ko je
nameščen in v uporabi. The new design of gliders and
brake is designed to make the product look perfect once
it is installed and working.**

(P) Patentirano s strani Murtra Industries (P) Industrias Murtra Patented

Sistem onda se še naprej razvija, zdaj z vrtljivim drsnikom. The onda system continues to evolve, now with a rotating glider.

TRAKTAPE

EVOLUCIJA. EVOLUTION

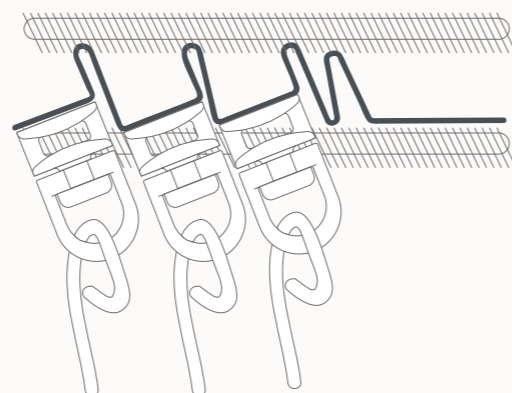

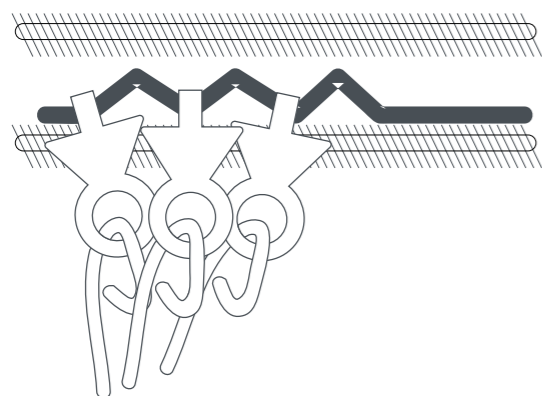

UČINKOVITOST EFFICIENCY

Tkaninski trak preprečuje, da bi vrvica padla med drsnike, se popolnoma prilega mehanizmu in ostane urejena, ne da bi se zapletla s kavliji.

The cloth tape stops the cord falling between gliders, fits perfectly into the mechanism and stays tidy without getting tangled with the hooks.

Sistem onda se še naprej razvija, zdaj z vrtljivim drsnikom. The onda system continues to evolve, now with a rotating glider.

DRSNIKI. GLIDERS

EVOLUCIJA. EVOLUTION

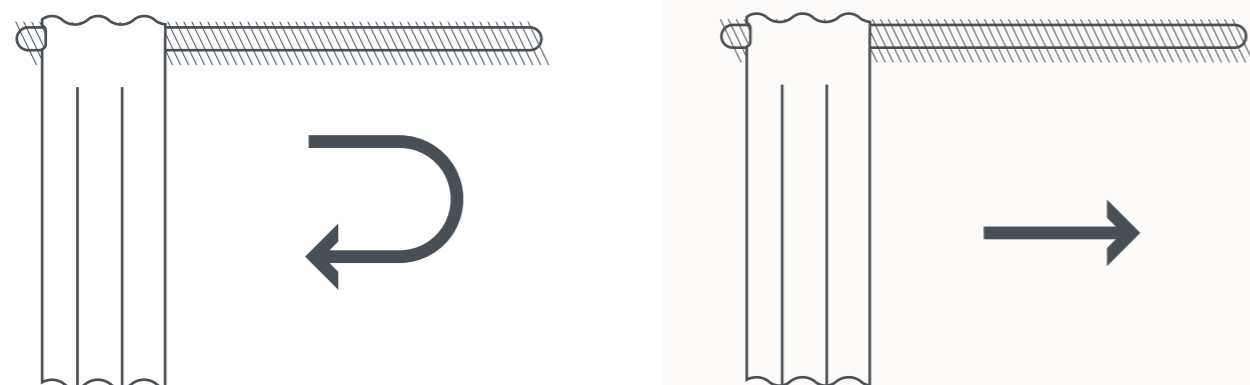

UČINKOVITOST EFFICIENCY

Nova zasnova drsnikov, namenjena drsenju brez prekrivanja.

New gliders design, intended to slide without overlapping one another.

Sistem onda se še naprej razvija, zdaj z vrtljivim drsnikom. The onda system continues to evolve, now with a rotating glider.

ZAKLJUČEK NABORA. FULLNESS BRAKE

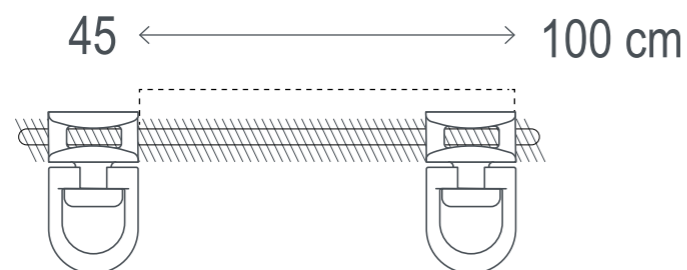

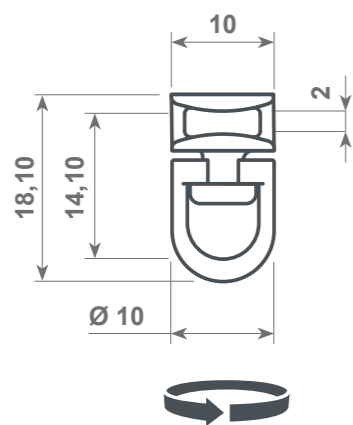

EVOLUCIJA. EVOLUTION

UČINKOVITOST EFFICIENCY

**Nosilec zaključka nabora, ki jo je enostavno namestiti, lahko dodate pred ali po namestitvi mehanizma.
The easy-to-fit brake can be added before or after installing the mechanism**

**Ko se zavesa odpre, nov nosilec zaključka nabora zagotovi, da je natančno nameščena, brez premikanja nazaj in s popolnim naborom.
When the curtain is opened, the new brake means it is precisely located, without any backward movement.**

Sistem onda se še naprej razvija, zdaj z vrtljivim drsnikom. The onda system continues to evolve, now with a rotating glider.

PRILAGODLJIVOST ADAPTABILITY

Drsniki so zasnovani tako, da se prilagajajo krivinam vodil za zaveses.

The gliders are designed to adapt to curved tracks.

Vrtljiv drsniček daje sistemu ONDA SURF večjo svobodo gibanja, zato je še bolj popolna in nudi eleganten izgled zaves.

The rotating glider gives the onda greater freedom of movement, making it even more perfect.

Možnost krojenja polnosti nabora za pogodbene projekte.

Option of tailoring fullness for contract projects.

Sistem onda se še naprej razvija, zdaj z vrtljivim drsnikom. The onda system continues to evolve, now with a rotating glider.
